EDUCATION

Maharaja Agrasen Institute of Technology (MAIT)

B.Tech – Computer Science & Engineering (AI) CGPA: 8.78/10.0

Delhi, India

08/2023 – 07/2027

Kendriya Vidyalaya

Class XII (CBSE) – 85.5%

India

2022

PROFESSIONAL EXPERIENCE

Innoviti Solutions – Software Engineering Intern

05/2026 – Present

- Architected an app-wide error boundary and **OfflineGuard** in Flutter, integrating Firebase Crashlytics via **runZonedGuarded** to catch unhandled async exceptions and prevent production crashes.
- Resolved critical backend data bugs by implementing strict client-side Regex validation for user onboarding, ensuring 100% data integrity before server submission.
- Designed high-performance UI components with glassmorphism and responsive layouts, fully replacing legacy Lottie animations with lightweight scalable assets.
- Contributed to Nexus, the admin control portal managing system flow, users, and matches across the Syntx competitive developer platform.

Airports Authority of India (AAI) – Summer Intern, Business Development Unit

06/2025 – 08/2025

- Developed the **Airport Authority Linkage App** using Flutter and Firebase to digitize Excel-driven workflows and streamline data sharing across airport departments through a centralized platform.
- Designed data integration and processing workflows consolidating operational data from spreadsheets and internal sources, improving accessibility, consistency, and reporting efficiency.
- Implemented Firebase Authentication, Firestore, and role-based access controls while collaborating with stakeholders to build a scalable, data-driven application.

PROJECTS

Zynkup | Flutter, Supabase (PostgreSQL), Firebase, FastAPI | Live Demo

2025

- Built a cross-platform social networking app with real-time feeds, user connections, and content sharing.
- Developed scalable REST APIs in Python (FastAPI) with PostgreSQL via Supabase for auth, profiles, and analytics.
- Delivered responsive mobile/web UI in Flutter with Firebase integration and modern UX principles.

Talvix | React.js, FastAPI, PostgreSQL, TypeScript, JWT, Docker | GitHub

2025

- Built a full-stack recruitment platform with job posting, applicant tracking, interview scheduling, and workflow automation.
- Designed RESTful APIs using FastAPI + PostgreSQL with JWT-based authentication and role-based access control.
- Developed interactive recruiter & candidate dashboards in React.js with reusable components and modern state management.

TECHNICAL SKILLS

Languages: Java, Python, C++/C, JavaScript, TypeScript, HTML/CSS, SQL

Mobile & Frontend: Flutter, Android Studio, React.js, Firebase, Provider (State Mgmt)

Backend & Databases: FastAPI (Python), MySQL, PostgreSQL (Supabase), Firestore

Tools & DevOps: Git/GitHub, Docker, VS Code, IntelliJ, Firebase Crashlytics, Azure

Soft Skills: Team Leadership, Cross-functional Collaboration, Problem Solving, Documentation

EXTRACURRICULAR ACTIVITIES & POSITIONS OF RESPONSIBILITY

Career Development Cell, MAIT – Senior Coordinator & Database Manager (Co-Head)

08/2024 – 04/2026

- Managed placement database of 1000+ student profiles; coordinated with 50+ HR representatives and generated analytical reports aiding TPO decision-making.

Udaan – Sports Society of MAIT, Public Relations Co-Head

08/2024 – 04/2026

- Led PR and coordination for TnM (Annual MAIT Fest) and Sports Meet during MAIT's Silver Jubilee celebration.

Smart India Hackathon 2025 – Semi-Finalist, National Level

2025

- Represented MAIT at the national level among top-performing teams across India, presenting a working prototype under competitive conditions.
